

Our Goal is to provide the opportunity, environment and facilities to all women of all ages and abilities to experience a life changing cricket program.

WOMEN CRICKET PROGRAM UPDATE

BLACK STALLION WIN 1ST GAME

What a way to kick off their season, after months and many long hours of practice the Black stallion, were presented with a challenge of taking on the Cubs (U-11 and U-15) mixed team under the guidance of Bobby and Faqer.

Saturday July 04,2009 will go down in history as the day the first ever Calgary women's cricket team (Black stallion) played their first match.

Amber Fraser captain of the day won the toss and on a cloudy, skidding wicket chose to put the cubs in to bat hoping tthe bowler would use the condition to limit the Cubs to a low score. The young boys showed great temperament to post 60 runs for 7 wickets in 15overs. Zafishan was the peak of the bowlers taking 3 wickets for 12, Amber 4overs for 4run

Needing just 4 runs an over to chase down the Cub's total, the lefthander/right hand combination of the opening pair of Omaima and Amber rotating the strike proved quite disruptive for the young bowler's line and length, giving quite a few extra to aid the chase.

Needing 30 to win from 8 overs, Harshil's direct throw had Omaima run out. Wajijha joined Amber to keep the scoreboard ticking before a great off cutter from Huzafa Cheema got Amber caught behind.

When Zafishan walked on the wicket with 12 runs to win, she needed two overs to bag the win. Great day!, Great game! Great sportsmanship between the two team.

Great thanks to the Junior Coordinator Bobby for organizing the Cubs team and Umpiring during the game. The parents who brought their kids to play and also volunteered to score.

Thanks to the CDCL executive for their continued support.
